TENT

LME Library purchased a 20'x40'tent with a grant from the American Library Association (ALA) as part of the association's Libraries Transforming Communities: Focus on Small and Rural Libraries initiative. The tent is available to local organizations and cardholders and can be checked out with an adult LME Library card.

When setting up the LME Library Tent, please review and familiarize yourself with these resources:

At least 4 people are needed to set up and all need to watch this video: <https://youtu.be/M6GQAXIeFWM>. Please inquire at the service desk. Specs are at <https://www.gettent.com/tents/20-x-40-push-pole-tent.asp>

For maximum life of the Tent, please:

1. Always use the drop cloth during installation and dismantling.
2. Do not walk on the tent fabric at any time.
3. Cover the tent post pin with your hand when maneuvering the post so that the pin does not tear or damage the tent fabric
4. Always attach the jump ropes to the poles to ensure that the wind does not lift the tent off the pole pins.

WARNING: Be aware of overhead obstructions and underground utilities when installing a tent. Installers are cautioned to review the resources summarized, review the conditions at the proposed site and plan accordingly. By law you are required to contact JULIE. It's a free service that could save you time, costly utility repairs, and even your life. Online or over the phone, JULIE's request system is available 24 hours a day, 7 days a week. Simply submit an [E-Request](#) to avoid possible hold times or call 811.
